PART 1: MULTIPLE CHOICE

Mark ONE letter A, B, C or D on your Answer Sheet for guestions from 1 to 35.

Choose the word(s) OPPOSITE in meaning to the underlined word(s) in the following question.

<u>1:</u>	Japanese	writer Haruk	i Murakami	is a	<u>prolific</u>	bestselling	author	whose	books	have	been	translated	into	fifty
lan	guages.													
	A. harm	nless	B. b	est-le	oved		. fruitle	ess			D. cre	eative		

A. harmless **B.** best-loved C. fruitless

2: I was going to have a go at bungee jumping but lost my nerve at the last minute. B. was determined to go ahead **A.** grew out of it

C. was discouraged from trying D. lost my temper

Mark the letter A, B, C or D to indicate the word that differs from the other three in the position of the primary stress in each of the following questions.

C. referee **A.** pollutant <u>3:</u> **B.** gymnastics **D.** equipment <u>4:</u> C. climate **D.** index A. award **B.** goalie

Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct word or phrase that best fits each of the numbered blanks from 26 to 30.

If you enjoy water sports, Hawaii is the place for you. You can go swimming all year round in the warm water. You can go sport fishing from the shore or from a boat. If you like boats, you can go sailing, canoeing, or windsurfing. Or, you can also try some other water sports that are especially popular in Hawaii: surfing, snorkeling and scuba diving. Surfing is a sport which started in Hawaii many years ago. The Hawaiians called it "he' e nalu", which means "to slide on a wave". If you want to try surfing, you need, first of all, to be a good swimmer. You also have to have an excellent sense of balance. You must swim out from the beach with your surfboard under your arm. When you get to where the waves begin to break, you wait for a calm moment. Then you try to stand up on the board. The wave will begin to rise under you. You must try to steer the board with your feet so you stay on top of the wave. The important thing is to keep your balance and not fall down. If you can manage this, you will have an exciting ride all the way in to the shore.

Scuba diving and snorkeling are two ways to get a close look at the beauty lying below the surface of the ocean. The waters off the Hawaiian Islands are clean, clear and warm. They contain hundreds of kinds of colorful fish. The undersea world is made even more colorful by the coral reefs of red, gold, white and light purple. Among these reefs there may be larger fish or sea turtles. Scuba diving allows you to see the most interesting undersea sights, "Scuba" means "Self-contained Underwater Breathing Apparatus". In Hawaii, you can take special courses to learn how to scuba dive. After the courses you can get a certificate that will allow you to dive alone. Since it can be dangerous, proper instruction and great care are always necessary when you are scuba diving. If you are adventurous, you might try snorkeling instead of scuba diving. Less equipment is needed, just a face mask, a breathing tube (snorkel) and flippers for your feet. It only takes a few minutes to learn. Although you can't dive deep into the water, you can swim with your face below the surface where there will be plenty of colors and beauty to see.

<u>5:</u>	What is t	the passage	mainly about?
-----------	-----------	-------------	---------------

D. Tourist activities in Hawaii A. Benefits of diving **B.** Water sports in Hawaii **C.** Surfing

6: Which of the following is true according to the passage?

- **A.** Scuba diving is an ancient Hawaiian water sport.
- **B.** The water around the Hawaiian Islands is full of colorful things to see.
- **C.** If you want to try surfing, you need to wait for a windy day.
- **D.** Staying on top of the wave is the only way to see the undersea world.

Read the following passage and mark the letter A, B, C or D on your answer sheet to indicate the correct word						
or phrase that best fits each gap.						
BEING PHYSICALLY ACTIVE HELPS ALL PEOPLE						
Some physical activity is better than doing none. By being more active throughout the day in relatively simple						
ways, people can quite easily achieve the recommended activity levels.						
Physical activity is defined as any bodily movement produced by skeletal muscles that require energy expenditure.						
Popular ways to be active are through walking, cycling, sports and recreation, and can be done at any level of skill and for enjoyment. Regular and adequate levels of physical activity improve muscular and fitness, improve bone and functional health, reduce the risk of high blood pressure, heart disease, stroke, diabetes, various types of cancer (including breast cancer and colon cancer), and depression, and are fundamental to energy balance and weight						

	(25), phys	sical inactiv	vity is one of the	leading risk	factors for non-com	municab	ole diseases (NCD) and
death	death worldwide. To individuals, the failure to enjoy adequate levels of physical activity increases the risk of cancer, heart						
disea	se, stroke, and diabete	es by 20-3	30% and (26)	Ii	ifespan by 3-5 year	s. More	over, physical inactivity
burde	ens society through the	hidden and	d growing cost of	medical ca	re and loss of produ	ctivity.	
	For all reasons mention	oned above	e, WHO has deve	eloped a nev	w global action plan	to help c	ountries scale up policy
action	ns to promote physical	activity. It r	esponds to the r	equests by	countries for update	d guidan	ice, and a framework of
