Social Networks: Too Little Privacy

The trend for many young people today is to (1) _____ with others over the Internet and have a life online. The way they do this is through (2) _____-networking web sites such as Facebook and Twitter. However, the people who create their lives online are also putting themselves at risk, and they may not even understand how they are doing so.

The key to limiting risk is to keep certain pieces of information private. If you do any banking online, for example, it is (3) _____ to note that dates of birth are often used as an identifying feature by banks. They will need to know your identification number and possibly your address as well, but to verify your identity, they might ask you for your date of birth. If a criminal were to gain (4) _____ to your account number at a bank, and then obtain your address from public records, the one thing that he would not have would be your birth date. These days, however, a lot of people list their dates of birth (5) _____ on Facebook so that their friends can wish them well on their birthdays. Unfortunately, doing so could end up being a recipe for disaster.

READING 3
